

**U.S. DEPARTMENT OF ENERGY  
PUBLIC MEETING ON ENERGY CONSERVATION STANDARDS FOR  
REFRIGERATED BEVERAGE VENDING MACHINES**

**U.S. Department of Energy  
Room 1E-245  
1000 Independence Avenue, SW  
Washington, DC 20585  
July 11, 2006**

**Purpose:** The Department of Energy (DOE) is holding this informal public meeting as a first step in the energy conservation standards rulemaking process for refrigerated bottled or canned beverage vending machines. This meeting is intended to familiarize stakeholders with the assumptions, proposed methodologies and analytical tools that DOE proposes to use in its standards-development process, and solicit feedback. Further, DOE seeks to discuss issues relevant to establishing energy conservation standards for refrigerated beverage vending machines. In addition, DOE is interested in receiving information and data that it should consider in its analysis of refrigerated beverage vending machines.
