

**U.S. DEPARTMENT OF ENERGY
PUBLIC MEETING ON ENERGY CONSERVATION STANDARDS FOR
COMMERCIAL REFRIGERATION EQUIPMENT**

**U.S. Department of Energy
1000 Independence Avenue, SW
Washington, DC 20585
Tuesday, September 23, 2008
9 a.m. - 5 p.m. ET, Room 8E-089**

Purpose

The Department of Energy (DOE) will receive comments on the Notice of Proposed Rulemaking (NOPR) and the proposed standards as stated in the notice. In addition, DOE will present the methodology used for the NOPR analysis and example results. The Department will present its plans for the remaining analysis—the analysis to support the Final Rule—and will seek input from stakeholders on the methodologies, assumptions, data sources and analysis results.

Agenda

- | | |
|-----------------------|---|
| 9:00-9:05 am | Welcome |
| 9:05-9:15 am | Opening Remarks, Introductions and Agenda Review
<i>Doug Brookman</i> |
| 9:15-9:30 am | Rulemaking Overview
<i>Charles Llenza</i>
Overview of the analyses in the rulemaking, the tools DOE uses to generate results for each analysis, and the issues on which DOE would like input during today's meeting. |
| 9:30-10:00 am | Comments from Participants
<i>Doug Brookman</i>
Open forum for participants to make a brief summary statement and/or identify their key issues regarding the NOPR analyses, methods, data, and results. |
| 10:00-11:00 am | Engineering Analysis
<i>Aris Marantan and Matt Millard</i>
Summary presentation and discussion regarding the approach used and factors considered for the market and technology assessment, screening analysis, and engineering analysis, and a characterization of the results. |
| 11:00-11:15 am | Break |

- 11:15 am-12:00 pm** **Energy Use Analysis and Life-Cycle Cost Analysis**
Dave Winiarski
 Summary presentation and discussion regarding the approach used and factors considered for the markups to determine equipment price analysis, energy use analysis, life-cycle cost and payback period analyses, and a characterization of the results.
- 12:00-1:00 pm** **Break for Lunch (on your own)**
- 1:00-1:30 pm** **National Impact Analysis**
Dave Winiarski
 Summary presentation and discussion regarding the approach used and factors considered for the national energy savings, net present value, and shipments analysis, and a characterization of the results.
- 1:30- 2:15** **Trial Standard Levels and Manufacturer Impact Analysis**
Dave Winiarski and Aris Marantan
 Summary presentation and discussion regarding trial standard levels and the approach used, factors to consider for the manufacturer impact analysis.
- 2:15-2:45** **Utility Impact Analysis, Employment Impact Analysis, Environmental Assessment, Regulatory Impact Analysis**
Dave Winiarski
 Summary presentation and discussion regarding the approach used and factors considered for the utility, employment, environmental, regulatory analyses and a characterization of the results.
- 2:45-3:15 pm** **Break**
- 3:15-3:45 pm** **Discussion of Other Issues**
Doug Brookman
 Open forum to discuss any remaining questions or issues identified by participants.
- 3:45-4:30 pm** **Next Steps and Closing Remarks**
Charles Llenza
 Participants will discuss outstanding issues and concluding remarks.
- 4:30 pm** **Adjourn**
