

**U.S. DEPARTMENT OF ENERGY
PUBLIC MEETING ON TEST PROCEDURES FOR
SMALL ELECTRIC MOTORS AND ELECTRIC MOTORS**

**U.S. Department of Energy
1000 Independence Avenue, SW.
Washington, DC 20585
Thursday, January 29, 2009
Room 1E-245**

Purpose

The Department of Energy (DOE) seeks comments, information, and data from interested parties on the Notice of Proposed Rulemaking (NOPR) addressing test procedures for small electric motors and electric motors. The NOPR proposes new test procedures for small electric motors, both single-phase and polyphase. The NOPR also proposes to update referenced industry standards in DOE's existing test procedure for electric motors, including materials incorporated by reference.

Agenda

- | | |
|-------------------------|---|
| 9:00 – 9:15 am | Welcome, Introductions, Opening Statements
<i>Ron Lewis, Presiding Officer,</i>
<i>Supervisor – Regulatory, Building Technologies Program</i>
<i>Jim Raba, Facilitator</i> |
| 9:15 – 9:30 am | Rulemaking Overview
Summary of the statutory background, rulemaking process, and the issues on which DOE seeks input during today's public meeting. |
| 9:30 – 10:30 am | Small Electric Motors Test Procedures
Presentation and discussion of definitions concerning small electric motors, test procedures for the measurement of energy efficiency, and the alternative efficiency determination method. |
| 10:30 – 10:45 am | Break |
| 10:45 – 12:00 pm | Electric Motor Test Procedure
Presentation and discussion of definitions concerning electric motors, updates to citations to industry standards, and clarification of motors covered by the Energy Independence and Security Act of 2007. |
| 12:00 – 1:00 pm | Lunch |
| 1:00 – 1:15 pm | Other Issues
Presentation and discussion of miscellaneous updates to the Code of Federal Regulations. |
| 1:15 – 1:45 pm | Closing Remarks |
