

**U.S. DEPARTMENT OF ENERGY
PUBLIC MEETING ON THE NOTICE OF PROPOSED RULEMAKING FOR
TEST PROCEDURES FOR RESIDENTIAL FURNACES AND BOILERS**

**U.S. Department of Energy
1000 Independence Avenue, SW
Washington, DC 20585
Room 8E-089
Tuesday, August 18, 2009**

Purpose

The U.S. Department of Energy (DOE) will present its methodology used in developing its Notice of Proposed Rulemaking (NOPR) addressing the EISA 2007 requirements for including standby and off mode power consumption measurements in its test procedure for residential furnaces and boilers.

DOE will also seek input from interested parties on its methodologies, assumptions, data sources, proposed test procedures.
