Linda Bluestein
National Clean Cities Co-Director
US Department of Energy
Washington, D.C.
1000 Independence Ave., SW
Washington, DC 20585

Dear Dennis and Linda:

On behalf of the National Biodiesel Board, I want to congratulate you and all the Clean Cities coordinators from across the nation on the 15th Anniversary of your program. The National Biodiesel Board has seen firsthand the results of the Clean Cities team's exemplary work as you have helped introduce renewable fuels, like biodiesel, to America.

A national public opinion survey released in late January showed 85 percent of people feel favorably towards biodiesel, a notable increase from 77 percent last year. Clean Cities efforts have contributed mightily to such findings as well as helped make biodiesel more available across the nation through important infrastructure initiatives and more.

I am thrilled to see that DOE Clean Cities was affirmed in the Stimulus package. We look forward to the next 15 years of work with you.

Sincerely
