

U.S. Facilities Adopting ISO 50001

Through Superior Energy Performance pilot projects, 26 U.S. facilities are implementing an energy management system and preparing for conformance to ISO 50001:

- 3M
- Alcoa
- Allsteel
- Amcor PET
- Bentley Prince Street
- Bridgestone Tire
- Cook Composites & Polymers
- Cooper Tire
- Didion Milling, Inc
- Dow Chemical
- Eaton
- Freescale Semiconductor
- General Dynamics
- Haynes International
- Holcim
- JR Simplot
- Lockheed Martin
- Kenworth Trucks
- Owens Corning
- Neenah Foundry Company
- Nissan
- Schneider Electric
- Spirax Sarco
- Traco
- Volvo
- World Kitchen

U.S. buildings are piloting Superior Energy Performance:

- Cleveland Clinic
- General Services Administration (GSA)
- Grubb & Ellis Company
- Marriott International, Inc.
- Massachusetts Institute of Technology (MIT)
- Target Corporation
- Walmart Stores, Inc.

Sectors Represented:

- Aluminum
- Building materials
- Carpet
- Cement
- Chemicals
- Commercial & machinery
- Commercial Real Estate
- Electrical equipment
- Electronic equipment
- Federal buildings
- Food production
- Forest & paper products
- Glass
- Home equipment
- Hospital/Health Care
- Hospitality
- Industrial equipment
- Insulation
- Materials
- Metals
- Motor vehicles & parts
- Packaging, containers
- Retail
- Semiconductors
- Steel
