

Federal Energy Management Program

May 2011 Alternative Fuel Finder Table

NREL maintains a database of alternative fueling stations nationwide through the AFDC. The table below shows one biodiesel station, 12 E85 stations, and 187 electric vehicle supply equipment (EVSE) stations added in 30 states since the April 2011 edition of Federal Fleet Files. Unless otherwise noted, only open, publicly accessible stations are included. Electric vehicle supply equipment stations are included to prepare agencies for incorporating electric vehicles into fleets. Check the AFDC Alternative Fueling Station Locator for up-to-date information at www.afdc.energy.gov/afdc/locator/stations/.
