

U.S. Department of Energy Categorical Exclusion Determination Form

Program or Field Office: Energy Efficiency and Conservation Block Grant Program

Project Title AK-TRIBE-INTERIOR REGIONAL HOUSING AUTHORITY HUGHES VILLAGE

Location: Tribe AK-TRIBE- INTERIOR REGIONAL HOUSING AUTHORITY HUGHES VILLAGE

Proposed Action or Project Description

American Recovery and Reinvestment Act:

The Interior Regional Housing Association (IRHA) of Alaska for the Native Village of Hughes proposes to (1) install a wood-fired boiler at the washeteria to replace an existing fuel-fired boiler for heat. The tribe reports that installing the wood-fired boiler on the washeteria takes advantage of the lowest cost heating source available to the community. The wood resource is readily available in close proximity to the community; therefore, extensive travel or fuel usage for collection of the wood for the boiler would not be required. In addition, IRHA proposes to upgrade the lighting in the washeteria to energy efficiency lighting which would decrease energy consumption; and (2) retrofit streetlights in Village.

Conditions: None

Categorical Exclusion(s) Applied: B1.32, B2.5, B5.1
