

**U.S. DEPARTMENT OF ENERGY
PRELIMINARY ANALYSIS PUBLIC MEETING ABOUT
ENERGY CONSERVATION STANDARDS FOR ELECTRIC MOTORS**

**U.S. Department of Energy
1000 Independence Avenue, SW.
Washington, DC 20585
Tuesday, August 21, 2012
Room 8E-089**

Purpose

The U.S. Department of Energy (DOE) is holding this public meeting to discuss its preliminary analysis for commercial and industrial electric motors. DOE will review the rulemaking process, address the analyses that would support proposed energy efficiency levels, address the potential for an expanded scope of coverage, and seek comments, information, and data from interested parties.
