

Application

Primary Membership is available to cities, power providers, and other public lighting owners and stakeholders. **Advisory** Members typically consist of organizations that do not own public lighting but have an established history of promoting quality lighting and energy efficiency (e.g., educational institutions, environmental monitoring agencies, etc.). Please see the Consortium Charter for membership requirements.

To register as a Primary Member, organizations must be sponsored by an internal representative who is vested with executive or signatory authority for that organization (Mayor's Office, department head, principal, etc.). This sponsor may assign one or more Delegates to represent the organization to the Consortium through proxies.

Individual employees of organizations meeting the requirements for either Primary or Advisory Members, but whose organizations have chosen not to join, may register as Guests.

Choose application type:

Primary Member Sponsor

Advisory Member

Delegate

Guest

Provide organization and applicant information below.

Date _____

1. Organization Name _____

Street Address _____

City _____ State _____ Zip _____ Country/Region _____
