

Dwell Development

Genesee Park Net Zero | Seattle, WA | DwellDevelopment.com

PROJECT DATA

• **Layout:** 4 bdrm, 4 bath, 2 fl, 3,700 ft²

Climate: IECC 4C, marineCompleted: July 2017

• Category: custom spec

MODELED PERFORMANCE DATA

• HERS Index: without PV 35; with PV 0

- Annual Energy Costs: without PV \$1,000; with PV \$10
- Annual Energy Cost Savings: (vs typical new homes) without PV \$1,600; with PV \$2,550
- Annual Energy Savings: without PV 15,800 kWh; with PV 25,600 kWh
- Savings in the First 30 Years: \$112,300

KEY FEATURES

- Walls: Double 2x4 stud wall, 12" cavity dense-packed with R-44 cellulose, $\frac{1}{2}$ " plywood sheathing, fluid-applied weather-resistive barrier, fiber cement and white oak siding.
- Roof: Roof sheathing topped with 3" rigid foam, $\frac{1}{4}$ " hard board, and TPO roof membrane.
- Attic: Unvented, vaulted ceiling with R-67 dense-packed fiberglass.
- Foundation: R-20 EPS under heated slab.
- Windows: Triple-pane, low-e, argon-filled, vinyl frames, tilt-and-turn, U=0.19 average, SHGC=0.30 average.
- Air Sealing: 1.0 ACH 50.
- Ventilation: Fully ducted HRV.
- **HVAC:** Air-to-water heat pump, radiant floor heating, COP 3.92.
- Hot Water: Passive solar thermal hot water system with electric tankless backup.
- Lighting: 100% LED.
- Appliances: All ENERGY STAR.
- **Solar:** 9.9-kW PV system, evacuated tube solar thermal for domestic hot water, 100-gallon tank.
- Water Conservation: EPA WaterSense fixtures and toilets.
- **Energy Management System:** Smart energy management system to manage heating, cooling, hot water, HRV, lighting, security, etc.
- Other: Two electric car charging stations; auxiliary power on solar inverter for power outages.
