

U.S. Department of Energy
**Energy Efficiency
and Renewable Energy**

Bringing you a prosperous future where energy
is clean, abundant, reliable, and affordable

Vehicle Technologies Program

Briefing of Merit Review Panel Members

Dr. James J. Eberhardt, Chief Scientist
Vehicle Technologies Program
Energy Efficiency and Renewable Energy
U.S. Department of Energy

Presented at the
2008 Merit Review
Bethesda, Md
February 25, 2008

VT Program Mission

*To develop more energy efficient and environmentally friendly highway
transportation technologies that enable America to use less petroleum.*

--EERE Strategic Plan, October 2002--

- ❑ Ensure that there are no conflicts-of-interest with projects being reviewed. Check COI indicator box in ORISE PeerNet.
- ❑ There are three (3) review questionnaires/forms, one for plenary session, another for R&D projects, and a third for deployment projects; PeerNet ensures that you have the right one.
- ❑ Please complete the form as best you can. Comments are more important than numerical scores.
- ❑ **BE CANDID; THERE WILL BE NO ATTRIBUTION OF SCORES OR COMMENTS.**

- ❑ Importance to achievement of overall DOE objectives
- ❑ Approach to performing activities
- ❑ Accomplishments and progress toward project and DOE goals
- ❑ Technology transfer
- ❑ Suggestions for improving project activities for next Fiscal Year
